

EdChoice Expansion Scholarship - Award Estimate Chart '26-'27 School Year

The EdChoice Expansion Scholarship program calculates your scholarship amount based on what your Federal Poverty Level (FPL) is. Every family has a FPL. The table below will help you see what your FPL is and how much you will qualify for.

Step 1:
Find your household

Step 2: Find your closest household income

Number in Family/Household	1	\$31,300	\$70,425 or less	\$78,250	\$86,075	\$93,900	\$101,725	\$109,550	\$117,350

How to read the chart:

- Find the number of people in your family/household.
- Follow that row over to your closest household income.
ODE recommends using your adjusted gross income (line 11 on your federal 1040 tax return)
- Follow that column down and you will see what FPL % you are.
- Under that FPL, you will see the award amounts per student depending on what grade they are in.
- Remember, each FPL% correlates to a different scholarship amount in the EdChoice program. This chart is just to give you an idea of where you will fall. For specific amounts, see the Ohio DEW EdChoice website.**

If your family is under the 200%, you will not need to pay the additional \$134 towards the \$6,300 ICS tuition rate.

Example:

- Family Size = 4 (Mom, Dad, 4th grader, 2nd grader)
- Household income = \$170,000
- FPL=just under 550%
- Award amounts will be about \$4,360 per student for the year.

Example:

- Family Size = 2 (Mom, 10th grader)
- Household income = \$75,000
- FPL=under 450%
- Award amount will \$6,166 for the year

Example:

- Family Size = 6 (Dad, Mom, 5th grader, 3th grader, 1th grade, baby)
- Household income = \$310,000
- FPL = about 738% (about halfway between 700% and 750%)
- Award amounts will be about halfway between the 700% and 750% columns. Award amount will be about \$1,090.01 per student for the year.
